THE UNIVERSITY OF ALBERTA STAFF BULLETIN

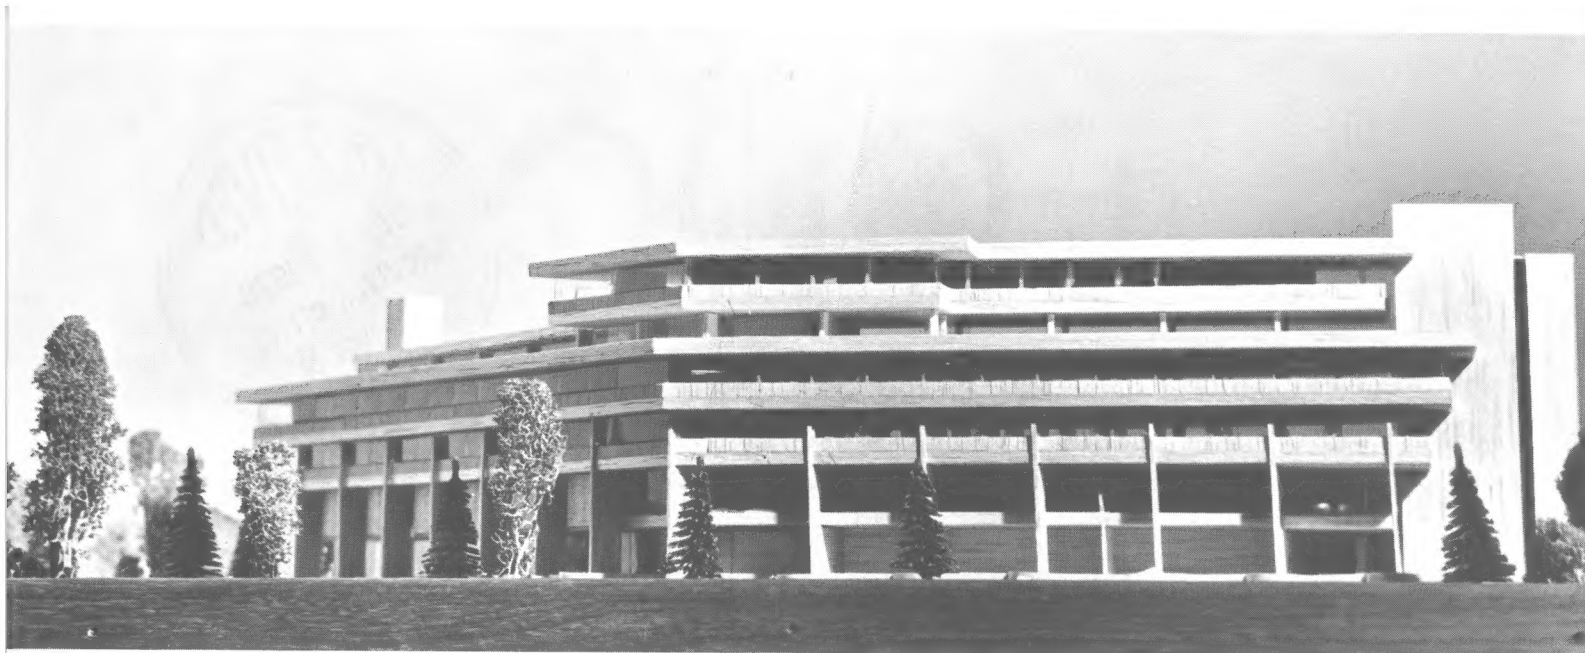

EDMONTON 7, ALBERTA

## The new Humanities Centre

*Inside the Humanities Centre there will be a skylighted gallery rising through four floors. It will provide natural light for the interior offices and will reduce the effect of the long corridors; the foliage will help to*

*absorb sounds. A gallery also is a part of the new humanities and social sciences library, Rutherford Library II, which will be described in next week's FOLIO.*

Early this month the Board of Governors Building Committee gave preliminary approval to plans for Arts II, phase I (the Humanities Centre).

Pending final approval of the project by the Universities Commission and the provincial government's Capital Development Committee, tenders will be called in early January and construction will begin later in the winter. The Centre is expected to be complete in mid-1972.

In January, 1966, the Arts II (I) Building Committee presented a supplementary brief to the Campus Planning Committee, expressing the hope that the proposed Humanities Centre would be more than just functionally efficient. "Concerned as the interested departments are with things of the spirit," the committee wrote, "they would hold that their home ought to appear as an 'objective correlative' of their aspirations, that it should reflect something of the aims and objects of

their scholarly endeavor or visualize the dream and the task."

Certainly the Humanities Centre, with its splendid site overlooking the river valley, promises to have the aesthetic qualities desired by those who will occupy it.

The building will be six storeys high, each storey cantilevered over the one beneath, with a round two-storey audio-visual centre. The interior of the building will have an open gallery with plantings. The purposes of the gallery are to provide open wells for daylight for interior offices and classrooms and to add a sense of open space to the long narrow corridors. The width of the corridors will be varied by the use of study space for students, waiting areas, and crossovers.

The Department of Classics will occupy the main floor of the building, which will be mainly offices and classrooms. The second floor will be strictly classrooms, seminar rooms, and study facilities.

The main office of the Department of English will be on the third floor, with other offices and graduate student and staff common rooms. The fourth floor will contain more study areas, offices, and seminar rooms.

The fifth and smallest floor will hold only a board room and staff lounge. facilities.

The offices of the Dean of Arts will occupy the entire top floor.

*The round audio-visual centre will provide an accent to the new building's mass. Its main floor will contain lecture rooms (18 and 21 on this plan), audio-visual classrooms (20), an undergraduate lounge (22), control room (19), and related storage (28). Upstairs, there is study space for graduate students, and audio-visual cubicles.*

The audio-visual centre will have a large and a small lecture theatre, two audio-visual classrooms, an audio-visual laboratory, a control centre, and graduate student study facilities. A roof garden is being planned for the top of the audio-visual centre, while the lower level will be an undergraduate lounge.

The main entrance to the Humanities Centre will be on 112 Street and will be connected eventually to the Students' Union Housing project.

The building will be of cast-in-place concrete frame with exterior precast concrete panels.

The Humanities Centre will provide some 78,000 net square feet of space at an estimated cost of \$2,800,000. Equipment and furnishings will cost an additional \$500,000 and will be purchased over a period of several years.

Prime consultant for the project is JOHN MC INTOSH of McIntosh, Workun, and Chernenko.

## BOARD OF GOVERNORS

The following are extracts from the minutes of recent meetings of the Board of Governors and the Executive Committee of the Board of Governors held during July and August, 1970. Board of Governors minutes are provided by JOHN NICOL, Secretary to the Board.

■ *The following was considered at the July 3 meeting of the Board of Governors.*

### MEMBERSHIP

The Chairman welcomed L. A. DESROCHERS in his new capacity as Chancellor of The University of Alberta, F. T. JENNER as the representative of the Senate replacing A. D. MACTAVISH, and C. L. USHER as the representative of the Alumni Association replacing Judge B. C. WHITTAKER.

■ *The following items were considered at the August 7 meeting of the Board of Governors.*

### MEMBERSHIP

The Chairman reported an Order-In-Council had been received appointing A. D. MCTAVISH as a member of the Board of Governors with effect from July 1, 1970, for a period of three years.

### THE GATEWAY

The Executive Committee approved the recommendation of the Finance Committee and granted \$3,000 to THE GATEWAY to cover an estimated 1,000 subscriptions for non-students in the University community during the session 1970-71.

### TUITION FEES

The Executive Committee approved the recommendation of the Finance Committee and extended the program permitting payment in kind (that is, in grain or other produce) of tuition and student fees for 1970-71 subject to the conditions set forth for the session 1969-70.

### REVISED OPERATING BUDGET

The following items were specifically noted as information for the Board: an increase in the Research Fund to permit restoration of the Humanities Research Fund to \$100,000 for 1970-71; an increase of about \$50,000 for Building Services; an increase for Administrative Data Processing of \$30,000 to permit adoption of a recommendation from General Faculties Council for accelerated implementation of a pre-registration system; an increase in General Expense of \$20,000 to cover a number of special items such as the actuarial review of the pension system; an increase in Staff Benefits of \$250,000 for the matching of retroactive contributions to the Academic Pension Plan; an increase in New Residences Revenue of \$40,000 reflecting increased conference business; and an increase in Interest Revenue of \$250,000 reflecting continued high short-term rates.

### VARSITY GUEST WEEKEND

On the recommendation of the Deans' Council, the Executive Committee granted \$2,000 for the financing of Varsity Guest Weekend in 1971.

### EVENING CREDIT PROGRAM

The Executive Committee of the Board of Governors on the recommendation of the General Faculties Council and the Summer Session and Evening Credit Program Committee adopted the following policy: that beginning in the 1971-72 session on-campus late afternoon and evening credit courses will be integrated into the general operation of the University of Alberta so that such courses become the responsibility of faculties and schools, subject to the provision of adequate financing by the Board of Governors; and that the University of Alberta will continue to accept responsibility for off-campus Evening Credit Programs (a) directly, and (b) by offering jointly with Junior Colleges courses which are beyond the affiliation agreements.

### REGISTRATION PROCEDURES

The Executive Committee of the Board of Governors adopted the recommendation of the General Faculties Council and approved the employment of two systems analysts immediately to prepare a computerized system of advance registration.

### MICHENER PARK PRIORITIES

The Executive Committee approved the following recommendations of the General Faculties Council and the Housing and Food Services Committee on Michener Park priorities:

1. That accommodation in Michener Park normally be restricted to a maximum of four years' continuous residence.
2. That priorities for admission to Michener Park be established on the following basis:
  - (a) No distinction will be made on the basis of graduate or undergraduate status.
  - (b) Families with children and childless couples where both partners are going to University will have equal priority.
  - (c) One third of the units (say 14 duplex apartments, 20 maisonettes and 66 row houses) will be reserved for applicants from outside Alberta. Of these 100 units approximately two thirds will be reserved for applicants from outside Canada and the United States.
  - (d) Childless couples as defined in (b) above will be restricted to Vanier House; and if there are insufficient numbers in that category to fill these units, families with children will be admitted to fill up the vacancies.
  - (e) Within the above guidelines, admission will be based on the chronological order of receipt of applications.

(f) Should applicants from outside Alberta not be accommodated immediately, they will be eligible to remain on the list for those units reserved for that group for one year after their arrival in Alberta. They will also be eligible to apply for one of the unreserved units on their arrival. (In other words, such applicants could be on two lists for a period of one year).

### 3. Income of applicants.

(a) That accommodation be restricted to families whose gross family income (to which must be added any remission of fees) is less than \$7,500 per year. Applicants will be required to complete a formal declaration of income, and residents will also be required to make such a declaration annually.

(b) That qualified applicants whose gross family income (to which must be added any remission of fees) is less than \$5,500 per year would have precedence over those applicants with respect to the chronological order of their applications.

4. That implementation of the new priorities schedule be made immediately. Present residents would not be affected, except that their continued residence would be restricted to a maximum of four years from August 1, 1970.

## PEOPLE

■ HAROLD JACOBS, Assistant Clinical Professor of Neurology, has been elected Fellow of the Royal College of Physicians of Edinburgh.

■ HAYDEN ROBERTS, Associate Professor of Extension, participated in the Second World Conference of the International Congress of University Adult Education—"University Adult Education in a Changing World," at Montreal from August 24 to 29. His paper "The University in a Vertical System of Continuing Education" was one of the papers presented to the Conference. Mr. Roberts then participated in the Second International Seminar on Adult Education, "The New Environment—Questions for Adult Educators," at Pine Brook Centre, Saranac Lake, New York State, from September 2 to 5.

■ HERBERT KORTE, graduate teaching assistant in the Department of Philosophy, delivered a paper on August 28 at Laval University to the First International Conference on the Theory of Positive Disintegration. The title was "Breakdown or Breakthrough? A Consideration of Anxiety in the Light of Heidegger's Phenomenological Analysis of Moods and the Theory of Positive Disintegration." Earlier in the summer WILLIAM N. CHRISTENSEN, also a graduate student in the Department of Philosophy, addressed the Canadian Philosophical Association's annual meeting in Winnipeg.

## NOTICES

### SABBATICAL LEAVE

Full-time members of the faculty who are eligible for sabbatical leave are reminded that the closing date for the receipt of applications for leave during the academic year 1971-72 has been advanced to October 15, 1970.

Time should be allowed before October 15 to permit processing of the application by the Department Chairman and the Dean concerned.

Applications will be considered by the Deans' Council at its meeting on October 21, 1970.

Application forms may be obtained from JOHN NICOL, Secretary to the Deans' Council, 432-4954.

### AASUA MEETING

A general meeting of the AASUA will be held on September 28 in Room PC-126, Physics Building at 8 p.m.

### PARKING

There is not sufficient parking accommodation to provide for all who find it desirable to bring motor vehicles to the University. For this reason, parking privileges are allotted on a priority, ration basis laid down in the Parking and Traffic Regulations. The Regulations have been developed by a committee with representation from the Students' Union, The Graduate Students' Association, the Non-Academic Staff Association, the Academic Staff Association, and Administration. They are available at the Parking Office. There is no free parking for vehicles not bearing parking permits; visitors must use meters.

Applicants for parking privileges should make their requests known to the Parking Office staff as soon as possible.

Zones and stalls are reserved for permit holders only. These persons have established their entitlement to use of their allotted parking accommodations, and must not be inconvenienced by illegal parking. Zones F, O, R and T are set aside primarily for allocation to residents and staff of the Lister Hall residential complex. They are allotted under arrangements made by the Director of Housing and Food Services.

About the Campus there are areas set aside as truck and passenger loading zones. They are designed to provide access to buildings for those who must transport equipment and other heavy items. Short-term parking for that purpose only is permitted.

The Campus Parking Office is located in Room 106, Printing Services Building.

### EXTENSION COURSES ON EASTERN RELIGIONS

H. B. BARCLAY, Associate Professor Anthropology, will be examining and explaining Islam in a 10 week course beginning October 1. At two of the meetings, SHEIKH AHMAD SHARKAWY, Director of the Islamic Centre in Edmonton, will discuss the concept

of the nature of man as set forth in the Koran, and the nature of god or deity. Dr. Barclay's main topics will be the historical background, a brief review of historical developments after the time of the prophet Muhammad, the spread of Islam into other religions, Islam in the modern world, and the development of Moslem mysticism.

K. D. PRITHIPAUL, Assistant Professor of Philosophy, will conduct a 10 week course on Buddhism and Hinduism beginning October 6. Main themes will include the life of the Buddha, the atheistic religion taught by him, the establishment of the Samgha, the development of Buddhist ethics and religions in Asia. Discussions within the area of the Hindu Dharma will relate to the early stages of the Hindu faith, the caste system, and modern forms Hinduism is assuming.

Class hours will be from 8 to 10 p.m. and the fee for each course is \$30. Registration is now underway and further details may be obtained from the Department of Extension, 439-2021.

### EDMONTON BIRD CLUB

The Edmonton Bird Club will hold its annual meeting on Friday, September 18, in the Agriculture Building, room 255.

On Sunday, September 20, the club will sponsor a field trip to Miquelon, Joseph, and Ministik Lakes. The trip will start from the Safeway parking lot at 109 Street and 82 Avenue at 10 a.m.

### FEDERATION OF ALBERTA NATURALISTS

The first meeting of the newly organized Federation of Alberta Naturalists will be held in Edmonton on September 26 and 27. Registration will be at the Provincial Museum and Archives on Friday evening, September 25. Saturday's activities include tours of the Provincial Museum and a field trip to Whitemud Park. The main field meeting will be held on Sunday at Beaver Hill Lake and Elk Island Park. Details may be obtained from the Provincial Museum and Archives.

### PROCEEDINGS PUBLISHED

The Proceedings of the Third Invitational Conference on Elementary Education, entitled *Individualization of Curriculum and Instruction* has been published. This 223-page book contains the six major addresses given by RALPH W. TYLER, ROBERT GLASER, PHILIP W. JACKSON, JOHN O. BOLVIN, HERBERT W. KLAUSMEIER and MYER HOROWITZ. Also included are 21 subject area addresses given by members of the sponsoring department. Orders should be sent to the conference chairman and editor, K. ALLEN NEUFELD, Department of Elementary Education, enclosing a cheque or money order for \$6 made payable to Conference on Elementary Education.

## POSITIONS VACANT

*Applicants are sought for the following positions. The Personnel Office (Room 121, Administration Building) will provide further details to interested persons, who are asked not to approach the departments directly.*

Purchasing Clerk (P/T) (Open)—Chemistry  
Clerk Typist I (\$261-\$302)—Law; Geography  
Clerk Typist II (\$302-\$368)—Comptroller's Office;
